The potential of the protest in Toronto tomorrow is a significant priority. TPS and the OPP are the primary clients that need the relevant information – TPS for the event in totality and the OPP for our Highway Safety Division and Queens Park Detachment. Currently, there are several staging or rallying points that have been obtained. These locations will serve as "points of departure" for the Toronto event. We need to ensure the following:

1. Acquire a fulsome list of these locations (listed below);
2. Ensure that POJ members are assigned to attend and acquire information/intelligence at these rallying points – numbers, vehicles, intentions, signage, attitude, etc;
    a. We will follow up to ascertain contacts for those assigned;
3. All information to be provided to these contact points via email:
    a. IOC@torontopolice.on.ca
    b. HENDON
    c. Provide a Subject line of TORONTO EVENT 12 FEB
4. The OPP and TPS will be co-located in the Min-MIC at Dyas Road for these events so that this will ensure that clients will acquire the information quickly; and
5. Lastly – if the POJ members can follow/surveil the convoys to the entrance to Toronto to provide accurate information for the event it would be very much appreciated.

Thank-you
